INTERMENT RIGHTS

In Ontario, buying “interment rights” is not a real estate purchase. You are purchasing a license (personal property) to use a specific interment location, not ownership of the land, which remains with the cemetery operator. These rights let you authorize interments and install markers, subject to the cemetery’s bylaws.

Interment rights pricing includes a non-refundable contribution to the cemetery’s Care and Maintenance Fund. Unless otherwise stated, these prices do not include interment fees (opening and closing of a grave, niche, or crypt), memorialization items, or related installation costs.

Purchasing interment rights includes the right to place a memorial marker on a grave, as well as add a plaque or engraving to the granite or marble face of a crypt or columbarium niche. Our office staff will provide the appropriate authorization requirements based on the selected interment rights location.

- Interment rights dimension for a single adult grave = 38 to 40 inches wide x 10 to 11 feet long
- Interment rights dimension for baby / infant / child grave = 24 inches wide x 4 feet long
- Dimensions of interment rights include space for a memorial marker. Memorial marker not included.

INTERMENT RIGHT & MARKER SPECIFICATIONS

- **Adult Grave Capacity:** Subject to the specific location selected, a single adult grave has the potential to accommodate a maximum combination of 2 caskets and 4 cremated or hydrolyzed remains (urns). *
 - * If you plan to utilize the maximum capacity of two caskets (and site conditions allow for it) the first casket must be placed at double depth. This ensures there is adequate space to place the second casket above it at standard depth in the future. If the first casket interment is placed at standard depth, the maximum grave capacity option will lessen by 1 casket interment.
 - * If cremated or hydrolyzed remains were interred before the casket burial, additional charges may apply to disinter them for the casket interment. For further details, please contact our office.

- **Baby/Infant/Child Grave:** A maximum of 1 casket can be accommodated per grave at single depth.

- **Cremation Grave:** Determined by interment rights selection, single or companion graves available at single depth. For additional cremated remains interment quantity options, please consider a full adult grave location accommodating up to four cremated remains.

- **Columbarium Niche:** Determined by interment rights selection, 1, 2 or 3 cremated remains can be accommodated.

- **Mausoleum Crypt:** Determined by interment rights selection, 1 or 2 caskets can be accommodated in a single crypt location.

- **Memorial Markers:** Memorial markers are permitted on all grave sites (i.e. Flat, Bevel (Pillow) and Upright). *
 - * Memorial approval requirements vary by interment rights selection.
 - * Memorial marker size specifications can be referenced in the cemetery by-laws.

While basic maintenance of memorial markers (i.e. leveling) is often covered by care funds when available, applicable charges will apply based on the following site-specific conditions:

- **Windsor Grove Cemetery:** Charge applies to all leveling/resetting requests.
- **Windsor Memorial Gardens:** Markers without surrounding decorations are generally serviced at no cost. However, a charge shall apply if decorative items (i.e. gardens, garden plates, stones, etc.) must be moved to service location or request is based on personal preference and not identified as a safety hazard.

Removal of tree/shrubs (subject to request review and quote approval) Starting at \$ 500

This charge shall apply against general requests where removal is not deemed necessary.

SUPPLIES

In collaboration with our vendor, CFC Supply (Canadian Funeral & Cemetery Supply), the following supplies are available for purchase through the cemetery. Items marked with ** are part of our standard cemetery inventory; all others are ordered as needed.

Burial Vaults:

While burial vaults are not legally required, the cemetery requires them for full-body casket burials to keep our grounds stable. Burial vaults are not required with metal caskets or interment locations in our designated no-vault sections. For cremated or hydrolyzed remains, any suitable container or urn is welcome. Urn vaults are completely optional, but available if you would like extra protection or a place for small keepsakes.

MEMORIAL MARKERS

To arrange a memorial marker for your loved one, the official interment rights holder (or their legal heir) just needs to follow a few simple steps. First, pick up a **Memorial Marker Authorization Form** from our cemetery office, which you will give to your chosen, cemetery-approved supplier to complete during your purchase. Depending on the type of memorial being arranged, certain cemetery charges may apply. These fees may be collected and remitted to the cemetery by the supplier, or you may arrange payment of the applicable charges directly to the cemetery. All charges must be paid in full before installation can begin.

Under circumstances preventing the supplier from installing a flat marker arrangement, the cemetery can provide this service at a charge of \$ 0.55 per in²

Care and Maintenance Fund Contribution:

As required under the *Funeral, Burial and Cremation Services Act, 2002*, the following amounts must be paid to the cemetery operator before any monument or marker is installed. After the marker is installed, the amount is deposited into a protected and irrevocable trust account called the Care and Maintenance Fund. Interest from this fund helps cover ongoing care and maintenance of the cemetery property and, to the extent that income from the Care and Maintenance Fund permits, helps support the stabilization and safety of markers and monuments throughout the cemetery.

- For flat markers measuring less than 1,116.13cm²/ 173in² \$ 0
 - For flat markers measuring 1,116.13cm²/ 173in² or larger \$ 100
 - For upright marker 1.22m / 4ft or less in height and 1.22m / 4ft or less in length, including base * \$ 200
 - For upright marker more than 1.22m / 4ft in height or length, including base * \$ 400
- * *Bevel (pillow) markers or granite benches shall be considered the same as an upright marker.*

Foundation pad charges for memorial markers:

These charges are based on a pad construction of 4" thick by 18" wide reinforced concrete, with a custom length to fit the marker size, and includes installation. Additional charges may apply for requests to replace an existing concrete pad or apply a pad to an existing marker (please inquire at the office).

- Foundation pad for 24-to-30-inch-wide marker/monument base size \$ 375
- Foundation pad for 31-to-60-inch-wide marker/monument base size \$ 700
- Foundation pad for 61-to-84-inch-wide marker/monument base size \$ 800

Support post charges for foundation pads:

Support posts are available upon request (not standard application with foundation pads). Per post construction is 8" diameter x 3' deep reinforced concrete. Applicable charge applies only when ordered alongside a new foundation installation. Pricing includes installation. Additional charges apply for requests following installation of pad and marker (please inquire at office).

- 1 in-ground support post \$ 340
- 2 in-ground support posts \$ 520
- 3 in-ground support posts \$ 700

TERMS & CONDITIONS

Effective Date: June 1, 2026 | All prices subject to applicable taxes.

Payment Methods & Financial Terms

- **Accepted Payments:** Cash, cheque, bank draft, money order, debit, Visa, MasterCard, and American Express.
- **Returned Cheques:** A **\$25.00 fee** applies to all non-sufficient funds (NSF) cheques.
- **Overdue Accounts:** Any costs incurred by the cemetery to collect past-due accounts will be added to the final contract amount.
- **Financial Assistance:** Support for burial and cremation services is available through various government agencies for those who qualify.

General Rules & Service Regulations

- **Compliance:** All services, burial rights, and cemetery grounds are governed by cemetery By-laws, the *Funeral, Burial, and Cremation Services Act, 2002* (FBCSA), Ontario Regulation 30/11, and all other applicable laws.
- **Mandatory Services:** For safety and grounds maintenance, all interments and disinterment's (graves, crypts, and niches) must be performed by cemetery staff or authorized contractors.
- **Equipment & Supplies:** Fees for interment and disinterment are all-inclusive of required equipment. Prices for supplies do not include installation unless explicitly stated in your contract.
- **Consumer Protection Fee:** Every interment is subject to the Bereavement Authority of Ontario (BAO) Consumer Protection Fee and must be paid prior to the service.

Vault Installation

- **Standard Interments:** Vault installation is included in the standard interment fee.
- **Social Services Interments:** Vault installation is **not** included. If a vault is required, both the vault charge and the installation fee must be paid in full prior to the service.

At-Need Arrangements (At Time of Death)

To ensure all preparations are complete, all applicable cemetery charges must be paid in full before the service takes place. This includes paying off any outstanding balances on pre-arranged or active payment plans.

Pre-Need Arrangements (Prepaid Contracts)

Planning ahead allows you to lock in today's prices for future services and supplies. When you pay for your arrangements in full according to your contract terms, your price is guaranteed.

- **Secure Funding:** Your payment is held securely in a trust account under your name, where it earns interest until the services are delivered.
- **Price Protection:** If future costs increase and exceed the value of your account, we absorb the difference. Your family will never be asked to pay more for guaranteed items.
- **Excess Funds:** If the funds in your account exceed the future cost of services, the remaining balance will be returned to your estate or applied to any new requests.

⚠ Important Note on Changes: To maintain your price guarantee, the contract must remain as originally signed. Significant changes to your selections later on may void the original guarantee, requiring a new contract at current market prices.

Additional information about payment and financing options is available upon request.
